This Week's News...

The last week of term has seen the whole school busily completing their curriculum projects.

On Wednesday we met with a playground designer to discuss ideas on how to develop the space around the school for the children over the next few years to make it a fun and inspiring environment.

Over half term we will be putting up signage around the school gates to remind drivers about the yellow lines and keeping children safe. Our school council are working on a plan to consult local people about their thoughts on the impact of parking around the school. This will feed into our travel plan where we work with the council on improving sustainable travel.

We have planned a range of parent cafés for next half term. These are an opportunity for parents to come into school to find out more about what we are doing. See the enclosed parent café timetable for more details.

Have a wonderful half term holiday – we look forward to seeing you on Monday 29th October.
