Welcome back!

It has been a wonderful week welcoming everyone back to SJSC. The school has been buzzing with children's enthusiasm, and joy. It has been fantastic to be able to watch the children play and learn together again. Thank you to everyone for all of your support this week with new routines, keeping the school safe and for all of your kind messages.

It is fantastic to be fully open again and we are so excited about all of the learning this term. Please keep an eye on your emails next week for details about parents' evening.

Thank you and enjoy a rest over the weekend.

Reception mathematicians!

In Reception, they have been learning about length and how we use it to measure height, width or distances. The children enjoyed exploring the non-standard measurement of 'footsteps' to measure the length of their bodies and the distance that they could throw a paper ball (the latter was especially fun!)

Year 1 delving into their new class text

Year One worked in small groups to discuss some of the pictures from our book 'Dinosaurs and All That Rubbish'. We added adjectives to each page to develop vocabulary and ????. We will be using this book alongside our learning in other subjects this half term to explore the big idea of 'sustainability'. Look out for mini eco warriors!
