

Summer

Challenge

Dear Monet and Smit classes,

It is the summer holidays! Yay!

We just wanted to say a big well done for all of your hard work this year. We are especially proud of the learning you have been doing from home and would like to say an enormous congratulations to everyone for their resilience and dedication shown in Year 4.

We particularly liked the range of poems we were emailed when we covered Jabberwocky and it has been fantastic to see the mathematical skills many of you have developed.

The summer holidays is a time to enjoy the sunshine and outdoors. (Let's hope for amazing summer weather!) Due to learning looking different this year, we thought we'd set you some summer challenges so, if you wish, you can continue to practise the skills you have been learning.

Well done again on a great year of learning. We very much look forward to seeing you all in September!

Miss Edwards and Ms Paintsil

Dear Parents/Carers,

Thank you for all your hard work in home schooling and for staying in touch with us over the last few months. Over the summer we are aware that families will want to take different approaches. You may want to take the time to unwind and have a break or you may want to keep some school routines continuing during the summer months. Each family will have their varying priorities. The summer challenges we have provided are optional. There are different routes you can take: you can access the learning bingo pages as a source of ideas, ticking off activities as you wish. We have also provided web links at the bottom of the bingo pages for further games, activities and learning. You can also use **Oak Academy** and **BBC Bitesize**, both of which provide lessons across all year groups.

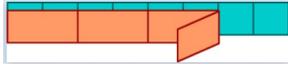

Thank you all once again and have a wonderful summer!

All the best,

Miss Edwards and Ms Paintsil

MATHS

BINGO

<p>Data Gatherers!</p> <p>Gather some data of your choice and then represent it as a line graph or bar chart.</p>	<p>Compare and order a set of numbers up to 1,000.</p>	<p>Equivalent fractions strips</p> <p>Use papers strips to practice equivalent fractions.</p> 
<p>Create a maths board game for your family to play. Fill it with multiplication and division calculations to solve.</p>	<p>Find 2D and 3D shapes within your home. Name them and discuss their properties.</p>	<p>Choose a room in your house. What types of angles can you spot?</p> <p>right-angles, acute, obtuse</p>
<p>Write out a set of times tables that you find tricky.</p> <p>Ask a family member to test your speed!</p>	<p>Practise using the column method of addition and subtraction.</p>	<p>Create a set of word problem challenge cards to test your family and friends. Remember, you'll need to find the answers first!</p>

ENGLISH

BINGO

<p>Create a wanted poster for a book character. Use a range of noun phrases and similes to describe the character.</p>	<p>Write a postcard to a friend about an adventure you have had. Focus on using exciting verbs throughout.</p>	<p>Write an introduction about yourself for your new teacher. Remember to think about the best noun phrases to use.</p>
<p>Keep a diary. Think about how you will express your feelings and the variety of different words you can choose from.</p>	<p>Treat writing a story as a project to dip in and out of. It could be a comic, graphic novel or a book for your younger sibling with illustrations.</p>	<p>Think about a character from a story that you have found particularly interesting. Take this character on a new adventure and write a sequel or a new chapter.</p>
<p>We aim to have an eco-friendly school. Prepare a PowerPoint or write a list, presenting your ideas for our Eco – friendly school.</p>	<p>Research how to reuse materials and make an eco – friendly gift. Make it and write instructions for others.</p>	<p>Write a play script! You could even involve your family and friends. Perform your play or film it and turn it into a movie.</p>

READING BINGO

Write a book review of a book you have read recently. Think about how you will start each sentence differently.	Create a picture book version of the chapter book you have read for a Reception or Year 1 child.	Write a letter to one of the characters in your book. What advice are you going to give them?
Spot the tricky words from your year group list in your book. Who can spot the most?	Who's hungry? Find and read a recipe in a cook book and then follow the instructions to make a meal.	Become the new illustrator for a favourite book. Design the front cover. How will you entice the reader and capture what the book is about?
Read out loud to a family member or friend. Try to read with expression and use different voices for the characters.	Read a poem from a book of poetry. Then practise writing your own.	Research a topic that interests you – find books about it and research it online. Then create a fact file from your knowledge!

Wellbeing BINGO

Perform an act of kindness, thinking back to examples from Lent.	Go on a nature scavenger hunt. Create a picture from the things that you find.	Sketch anything that interests you. Really look at the detail and enjoy the process of drawing.
Using a jam jar, a coffee jar or any glass jar, create a positive jar. Write something positive about yourself every day and place it in the jar. You can decorate the jar.	Feeling a little overwhelmed? Draw around your hand. Write the things that you can control on the inside and the things that you can't control on the outside.	Learn a new skill like knitting or sewing. Enjoy the feeling of focusing on one thing.
Listen to your favourite musician or band and colour in a mindfulness colouring sheet.	Send a thank you note to a friend or a family member.	Create a poster with three I AM statements. Remind yourself of them if you are feeling a little wobbly e.g. I AM KIND I AM LOVING I AM CAPABLE
