

Summer

Challenge

Dear **Lichtenstein** and **Walker** classes,

It is the summer holidays and it's time to say goodbye to all the strangeness of the last few months and look forward to beginning afresh in September.

We just wanted to say a big well done for all of your hard work this year. We are especially proud of the learning you have been doing from home and would like to say an enormous congratulations to everyone for your fantastic poetry and story writing! Our PowerPoint Poetry collection is coming together very nicely – we've had over twenty contributions so far! We particularly liked the range of poetry subjects and the variety of illustrations. If you have any stories that you wrote, which you are very proud of, let us know and we will pass them on to your next teachers. In addition, (forgive the pun) we've seen some brilliant mathematicians working very hard in lockdown. Over the summer, it is time for you to enjoy the sunshine and outdoors- we'd like to challenge you to make a learning map of your favourite walk- have a look at the nature classification walk that Sally did in summer 1- can you do one too?

Well done again on a great year of learning. We very much look forward to catching up in September!

Ms Deudney and Miss McGroarty

Dear Parents/Carers,

Thank you for all your hard work in home schooling and for staying in touch with us over the last few months. Over the summer we are aware that families will want to take different approaches. You may want to take the time to unwind and have a break or you may want to keep some school routines continuing during the summer months. Each family will have their varying priorities. The summer challenges we have provided are here as an option. There are different routes you can take- you can access the learning bingo pages as a source of ideas, ticking off activities as you wish. We have provided web links at the bottom of the bingo pages for further games, activities and learning, or you can use **Oak Academy** and **BBC Bitesize** which provide lessons across all year groups.

Thank you all once again. Have a wonderful summer and we look forward to seeing you all in the autumn term.

Ms Deudney and Miss McGroarty

MATHS

BINGO

<p>Gather some data – perhaps favourite apple varieties or ice-cream, in your house, and then represent it as a line graph. Can you represent two sets of data on one graph?</p>	<p>Compare and order a set of numbers up to 1,000,000 – including decimals! Can you include negative numbers for challenge?</p>	<p>Play the card game 'snap'. Every time you 'snap', you need to multiply the number on the card by your focus timetable.</p>
<p>Create a maths board game, such as snakes and ladders, for your family to play. Use fractions, decimal and percentage conversion as part of the game.</p>	<p>Find 3D shapes within your home. Keep a note of where and what they are, and then name them and discuss their properties.</p>	<p>Alphabet Numbers If the letter a=1, b=2, c=3 and so on, find the spelling word with the highest value in your Year 5 and 6 spelling list.</p>
<p>On Rock Stars, work out which timetable you have the slowest speed in. Write it out as a set. E.g. $7 \times 8 = 56$ $56 \div 8 = 7$ $56 \div 7 = 8$ Ask a family member to test your speed! Have you improved?</p>	<p>Find a variety of outdoor objects (i.e. sticks, flowers). Break some of them into halves or quarters and turn your sticks into a fraction wall!</p>	<p>"There are right angles, obtuse angles and acute angles in nature." Prove it! How will you record your investigation? How will you measure the angles?</p>

ENGLISH

BINGO

<p>Create a wanted poster for a book character. Use a range of noun phrases to and similes, or metaphors, to describe the character.</p>	<p>Write a postcard to a friend about an adventure you have had. Focus on using exciting and powerful verbs throughout.</p>	<p>Write an introduction about yourself for your new teacher. Remember to think about the best noun phrases to use. For challenge see if you can include a semicolon?</p>
<p>Keep a diary. Think about how you will express your feelings and the variety of abstract nouns you can choose from.</p>	<p>Make yourself a storyboard about the movie of your life in lockdown- you can use 'Calvin and Hobbes' as an inspiration.</p>	<p>Challenge yourself to write a story, or a letter, using as many of your spelling words from the year 5 and 6 list as you can.</p>
<p>Choose some abstract nouns. E.g. 'Delight.' Draw a picture to match the meaning of each of your words.</p>	<p>Make a 'Wordle' of your favourite subject at school. Here is an example for 'Art'.</p>	<p>Make yourself a synonym paper chain. Cut out strips of coloured paper. Write a word, e.g. 'peaceful' on the first link, then find a synonym and add it. How long a chain can you make? Perhaps, you can make an antonym chain out of the opposite colour?</p>

READING BINGO

Write a book review of a book you have read recently. Think about how you will start each sentence differently.	Make a den and read your book inside it. Warning: you may need to borrow a torch!	Write a letter to one of the characters in your current reading book. What advice are you going to give them?
Make up at least five questions about your current reading book. Make sure you know the answers! Then act out an interview with your parents or siblings where they ask you the questions.	Predict what might happen in a sequel to your best story. Write down what happens to each character after the story ended.	Become the new illustrator for a favourite book. Design the front cover. How will you entice a reader and capture what the book is about?
Create a wanted poster for a character from your book. Include a description, what they did and a reward!	Choose a character in your book and write a poem about them.	Choose the five most important events that happened in your book and turn them into a comic strip

Wellbeing BINGO

Load 'Crab Rave' on your computer or phone. Then copy the crabs dance to the music as a work out. Can you get your family to join in? https://www.youtube.com/watch?v=LDU_Txk06tM	Go on a nature scavenger hunt. Create pictures of all the many creatures and plants that you find. Put them together as a scientific collection.	Take a 'mini holiday' What do you love to do most when you're on holiday? Try it in your garden or the park, close your eyes and pretend!
Listen to music that makes you feel good. Could you make up a dance routine or learn all the words?	Perform a random act of kindness i.e. smile at someone – it's contagious!	Read a book or do some arts and crafts in your favourite spot (in the garden, in the park, in a cosy spot).
Create a diary full of funny moments that happened in your family, read back through then and chuckle at your memories.	Become a magician, what magic trick can you learn? Perform for your friends, family, pets or a mirror. Why not dress up and look the part?	Do a good deed for someone at home without needing to be asked. Perhaps you can help with the laundry or help make tea.
