

Summer

Challenge

Dear O'Keeffe and Stik classes,

It is the summer holidays! Yay!

We just wanted to say a big well done for all of your hard work this year. We are especially proud of the learning you have been doing from home and would like to say an enormous congratulations to everyone for all of your fantastic effort! We have absolutely loved receiving the work you emailed to us and we hope you enjoyed it too!

We particularly liked the range of melted crayon art we were emailed and we have passed on your alternative endings to The Gingerbread Man to your next teachers.

Over the summer it is time for you to enjoy the sunshine and outdoors- maybe you could go on a bug hunt and try and have another go identifying the minibeast you find.

Well done again on a great year of learning. We very much look forward to seeing you all in September!

Dear Parents/Carers,

Thank you for all your hard work in home schooling and for staying in touch with us over the last few months. Over the summer we are aware that families will want to take different approaches. You may want to take the time to unwind and have a break or you may want to keep some school routines continuing during the summer months. Each family will have their varying priorities. The summer challenges we have provided is there as an option. There are different routes you can take- you can access the learning bingo pages as a source of ideas, ticking off activities as you wish, we have provided web links at the bottom of the bingo pages for further games, activities and learning, or you can use **Oak Academy** and **BBC Bitesize** which provide lessons across all year groups.

Thank you all once again. Have a wonderful summer and we look forward to seeing you all in the Autumn term.
